

1st April 2020

Dear parents/carers,

I hope you're well and staying safe during this difficult time.

My colleagues and I would like to welcome you to the Inspiration Trust. We are the new trust supporting your school - welcome to the family. We already support 13 other schools across Norfolk and north Suffolk – your nearest being [Hethersett Academy](#) and [The Thetford Academy](#).

I wanted to write to you to tell you a little about the trust and the resources that are now available to you.

Get to know the Inspiration Trust

The Inspiration Trust was set up to offer children from all backgrounds access to the finest education. As a family of schools, education is at the heart of everything we do. We have a top quality curriculum that's knowledge-based and encourage cultural pursuits, such as art and sports. We want to give our children the very best start in life.

All of our schools work collaboratively and share ideas, tips and resources. We want everyone to benefit from the improvements being made at our schools.

We also offer free training to all of our teachers, so that they can constantly develop their skills and learn new teaching techniques. This will help your child to have the best education possible.

You can find out more about us on our [website](#).

What will be different on 1st April 2020?

As you will have left TEN Group, your school's name will now be Wayland Academy.

Before schools closed, you might have seen our teams visiting Wayland Academy. That's because we have been supporting your principal and teaching teams to get them ready since January. We want it to be as easy as possible for teachers, and for you. Especially in the current circumstances.

On 1st April the only immediate change you will notice is that your school will have a new website: www.inspirationtrust.org/wayland-academy. All of the information you need for remote learning is now available under the '[remote learning](#)' tab.

You will also be able to access our:

- [Q&A for families about school closures](#)
- [Mental health and wellbeing resources](#)
- [Internet safety – how to protect your child online](#)

Who do I contact at the school now?

Your principal and teaching teams haven't changed. You should continue to reach out to your school as usual.

I hope you find all of this information helpful.

We will keep you updated about school closures, exams and any other developments in the future.

Yours sincerely

Dame Rachel de Souza
Chief Executive, Inspiration Trust
